Corporate Governance Statement – Financial Year Ended 30 June 2023

The Board of Directors of the Company is responsible for the corporate governance of the Group. The Board guides and monitors the business and affairs of the Group on behalf of the shareholders by whom they are elected and to whom they are accountable. The Board has approved this Corporate Governance Statement. This Corporate Governance Statement is current as at 9 October 2023.

In accordance with the ASX Corporate Governance Council's (the "Council's") Principles and Recommendations (4th edition), the Corporate Governance Statement must contain certain specific information and also report on the Group's adoption of the Council's best practice recommendations on an exception basis, whereby disclosure is required of any recommendations that have not been adopted by the Group, together with the reasons why they have not been adopted. The Group's corporate governance principles and policies are therefore structured with reference to the Council's best practice recommendations.

The Group's corporate governance practices were in place throughout the financial year ended 30 June 2023, and complied with all of the Council's Principles and Recommendations throughout the financial year.

Details of the Group's corporate governance practices in place throughout the financial year ended 30 June 2023 are as follows.

Principle 1 - Lay solid foundations for management and oversight

Recommendation 1.1 – A listed entity should have and disclose a board charter setting out:

- (a) **the respective roles and responsibilities of its board and management; and**
- (b) **those matters expressly reserved to the board and those delegated to management**

The Group has established a Board Charter, a copy of which is available on the Group's website, www.LynasRareEarths.com. The Group's Board Charter sets out each of the matters referred to in Recommendation 1.1, including:

- (1) The respective roles and responsibilities of the Board and management and those matters expressly reserved to the Board and those delegated to management, which are in accordance with Recommendation 1.1;
- (2) The role and responsibilities of the Chair of the Board;
- (3) The Group's policy on when and how directors may seek independent professional advice at the expense of the Group.

Recommendation 1.2 – A listed entity should:

- (a) **Undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and**
- (b) **Provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.**

The Nomination, Remuneration and Community Committee of the Board ensures that appropriate checks are undertaken before a person is appointed as a Director, or before a person is put forward to shareholders as a candidate for election as a Director. These include checks as to the person's character, experience, education, criminal record and bankruptcy history. If the Nomination, Remuneration and Community Committee concludes that it would be appropriate to consider the appointment of an additional Director, an extensive process is undertaken to identify suitable candidates, usually involving an external search firm. That process involves identifying the skills and experience required of the candidate, compiling lists of potential candidates, identifying a short list of candidates to be interviewed, conducting interviews, conducting the checks referred to above in respect of the short-listed candidates, and selecting a recommended candidate.

The Group provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director by providing all material information concerning the proposed Director in the Explanatory Memorandum that accompanies each Notice of Meeting at which candidates are proposed for election or re-election. This information includes:

- (1) biographical details, including their relevant qualifications and experience and the skills they bring to the board;
- (2) details of any other material directorships currently held by the candidate;
- (3) in the case of a candidate standing for election as a director for the first time:
 - (a) confirmation that the entity has conducted appropriate checks into the candidate's background and experience;
 - (b) if those checks have revealed any information of concern, that information;
 - (c) details of any interest, position or relationship that might influence, or reasonably be perceived to influence, in a material respect their capacity to bring an independent judgement to bear on issues before the board and to act in the best interests of the entity as a whole rather than in the interests of an individual security holder or other party; and
 - (d) if the board considers that the candidate will, if elected, qualify as an independent director, a statement to that effect.
- (4) in the case of a candidate standing for re-election as a director:
 - (a) the term of office currently served by the director; and
 - (b) if the board considers the director to be an independent director, a statement to that effect.

- (5) a statement by the board as to whether it supports the election or re-election of the candidate and a summary of the reasons why.

Recommendation 1.3 – Written Agreements with Directors and Senior Executives

The Group has signed letters of appointment with each non-executive Director, and service agreements with the CEO and the other senior executives. - (7) the Group's policy on when directors may seek independent professional advice at the expense of the Group;
- (8) the circumstances in which the Director's office becomes vacant;
- (9) indemnity and insurance arrangements;
- (10) ongoing rights of access to corporate information; and

- (3) coordinating the timely completion and despatch of Board and committee papers;
- (4) ensuring that the business at board and committee meetings is accurately captured in the minutes; and

The Group recognises the need to set diversity measures in each of its operating locations taking into account the differing diversity issues within each geographic location in which it operates.
